Scott:

Per the Department's request, attached please find a figure summarizing the MCHM results from the samples that Conestoga-Rovers and Associates collected at the Freedom Industries site on January 11 – 14, 2014. I am still looking into a few samples that may have been taken from water inside the culvert.

Please note that we believe that the water sampling proposed in the Water Quality Sampling & Interim Remedial Measures Plan (CEC, January 26, 2014) will provide a better characterization of the current pathways of concern at the site.

Thanks,

Don
